SCAC Accuracy & Integrity Working Group

William Pang
FlexiVan

Agenda Layout

- Project Description
- Project Update
- Q & A

Project Charter

Problem Statement – Correct SCAC is not consistently captured, validated, or recorded during the gate transactions.

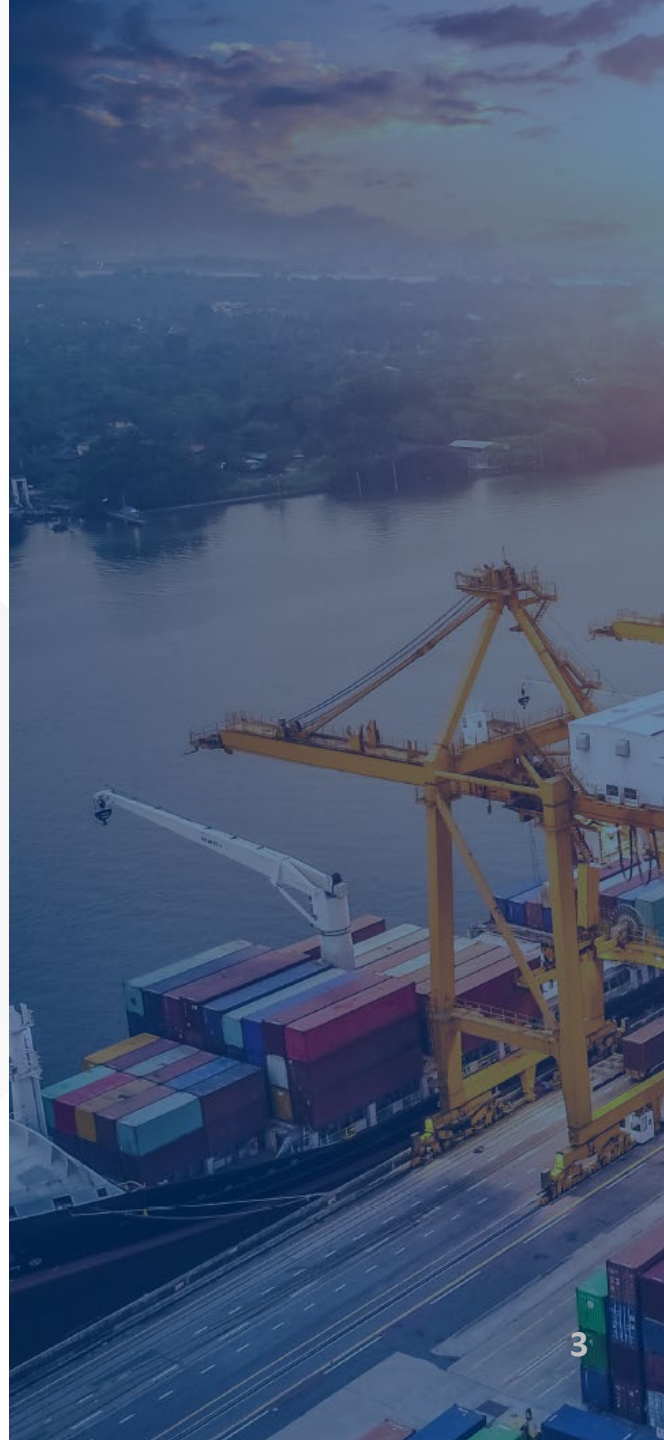

Mission Statement – To examine challenges related to SCAC accuracy in gate transactions and explore potential improvements.

Value Statement – Industry stakeholder collectively build a shared understanding of the issue and improve the processes.

- Awareness and understanding
- Collaborative insight
- Foundation for improvement

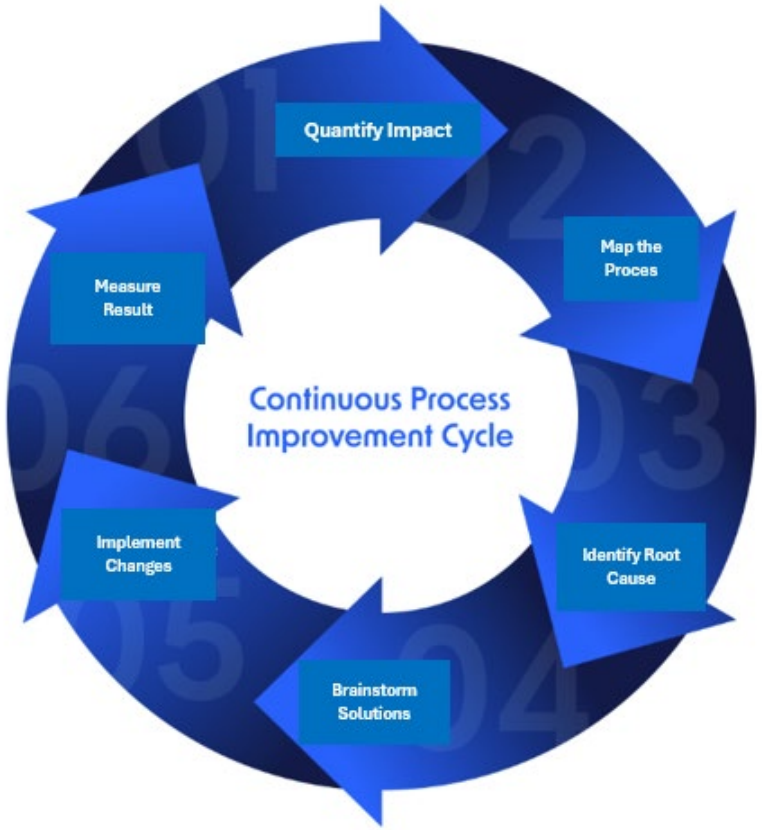

Team Members – Motor Carriers, Rail Facilities, Intermodal Equipment Providers

Scope – Inland (Phase 1), Marine Terminals (Phase 2)

IANA
INTERMODAL ASSOCIATION OF NORTH AMERICA

Project Update

Possible Solutions – Preventive and Corrective

Preventive

- Push – IANA sends reminder with summary to Motor Carriers regularly to review drivers' info.
- Pull – Motor Carriers extract report to review and update drivers' information.

Corrective

- IANA as clearing house to identify offenders.
- Impose penalty to offenders
- Motor Carriers take full responsibility on dispute resolution
