Intermodal Safety Committee’s Path Forward
Safety Committee Member Survey

• Survey was conducted in November 2022.
  • 4 Basic Questions.
    #1: What would you like from the Safety Committee
    #2: Which topics do you find most beneficial
    #3: Should the Safety Committee remain a stand-alone committee
    #4: Would you be more likely to attend a Business/Expo meeting if there were specific safety sessions?
Safety Committee Member Survey

• Survey Results were shared with the committee.
  #1: What would you like from the Safety Committee – Education
  #2: Which topics do you find most beneficial – Policies and Training
  #3: Should the Safety Committee remain a stand-alone committee - Yes
  #4: Would you be more likely to attend a Business/Expo meeting if there were specific safety sessions? – Yes

• From these results, the Building Blocks of Safety was formed.
Building Blocks of Safety

• What is the goal of the sessions?
  • To build a base for all future discussions

• Why start so basic?
  • There is a gap in fundamental understanding of how safety interacts with various aspects of programs.

• You can not change that which you do not understand.
Upcoming Webinars

• Webinars will run 1-hour each

• Tentative Schedule:
  • Late June 2023 – Policies/Programs/Procedures
  • Late July/Early August 2023 – Training
  • October 2023 – Recordkeeping
  • January 2024 – Audits/Inspections
Hazardous Materials

• Should the Safety Committee form a working group to address Hazardous Materials?
  • Topics covering (but not limited to):
    • Transport
    • Storage
    • Regulatory Requirements

• Who will lead the group?
New Business
New Business

• IIEC Request to Safety Committee
  • Loaded Containers Being Returned as Empties
    • The IIEC is asking the Safety Committee to review this industry issue and provide its recommendations on potential solutions.
  • Potential Course of Action:
    • Developing a process map that identifies the various points within the equipment move and at which points a potential failure can occur
      • Could be utilized as an educational tool for the industry
